

# City of Oregon

115 N. 3<sup>rd</sup> St., Oregon, IL 61061  
ph: 815-732-6321 / fax: 815-732-7292

February 23, 2016

Thank you to all who participated in the City of Oregon survey as part of our updating of our comprehensive plan. You are helping to shape our future. Your wishes, thoughts and concerns will help us chart the direction of the city as it plans for growth and development.

There are several things to note as you look at this survey:

- According to Teska and Associates survey participation was good at 24% of households. This means the overall answers are highly likely to accurately reflect the thoughts of the community as a whole.
- The responses to each question not only indicate what people liked the most but also what they liked the least; so positive as well as negative responses are important when looking at the results.
- While this report represents the raw data for all responses, we also plan to break it into subgroups. For example: Looking at just business owner responses do they have the same or different views on the community? Will this provide insight into how to attract and retain businesses? And knowing the values and interests of different age groups will help the city to better respond to the specific needs of all groups.
- The highest positive response at 91% was “community character” as the reason people moved to or stayed in Oregon.
- The idea of attracting younger people to the community also ranked high at 81%.
- High favorable responses were given to park facilities, fire protection, police protection and garbage collection indicating a basic comfort and wellbeing in being part of the community.
- There was a general dissatisfaction with the variety of goods available and variety of eating establishments. This is despite there being at least 20 locations to get a sit down meal within two miles of Oregon. Perhaps the key word is variety.

Survey results will be available on the city website [www.cityoforegon.org](http://www.cityoforegon.org) as well as at city hall and the library. Please take a look, your community, your future.

Thank you,

  
Ken Williams, Mayor

**Q1 How important were these factors in your decision to move to or stay in Oregon?  
(choose all that apply)**
