	balance at beginning of FY.			\$27,557		\$28,928

FY21 deficit was due to 1/2 payment of FY20

^{*}Note: bill which actually occurred on 5/7/21
(FY21). Then a full payment was ade on11/25/20. As a result, the net deficit drew down the fund balance into negative balance. Auditors said this was ok for short time since prop. tax collections in June 2021 woulld restore a positive balance.
