

January 19, 1984
Oregon, Illinois

The Council of the City of Oregon met in special session Thursday, January 19, 1984 at 10:00 A.M., City Hall Building.

Present: James Barnes, Mayor and Commissioners Elma Braden, James Ludwig and Frank Svoboda. Absent: Commissioner Norman Collins.

Also present: City Clerk Julianne Crowley and City Engineer Dennis McMullen.

Mayor Barnes opened the meeting explaining to the press that the meeting was called to review a letter from the Illinois EPA which had to have a response before Monday, January 23, 1984 the time of the regular council meeting.

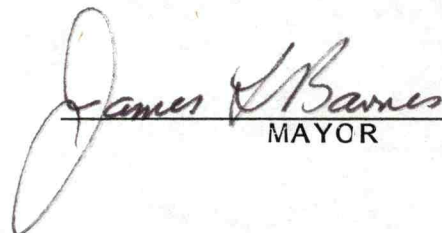

Dennis McMullen explained that it was time for a renewal of the City NPDES Permit, which is a permit required to operate the disposal plant. The EPA has submitted a public notice fact sheet which lists the requirements on the proposed permit as it will be published. If the council has comments or objections to the content of the proposed permit, a written statement must be submitted to the EPA by January 23, 1984. After reviewing the draft permit and the addendum to the facility plan, which is a part of the draft permit, Commissioner Svoboda moved that the addendum be submitted as it is and a letter be sent to the Illinois EPA that the city council has no comment on the proposed permit at this time. Seconded by Commissioner Braden.

Said motion carried on roll.

Commissioner Svoboda moved that the meeting be adjourned. Seconded by Commissioner Braden.

Said motion carried on roll call.

Adjourn: 10:40 A.M.

MAYOR

ATTEST:

City Clerk
