Re: Lovvorn Property
Franklin Street

Gentlemen:

After reviewing field records and a site inspection of the Lovvorn property, I submit the following:

1. The 10" water main was installed by this property on May 25, 1982.
2. The street paving was completed by this property on June 16, 1982.
3. Test indicate there are no leaks in the 10" water main.
4. Excavation in terrace in front of property indicate no shifting of natural soil conditions.

Based on the above items, I can Not see any relation between our water main project causing the foundation collapse at the Lovvorn property.

Respectfully,
/s/ Dennis L. McMullen
