Engineer's Report:

Engineer's Report

1. Reported on the progress of the State of
Illinois on the Route #64 paving project. The contract has
been let and work should begin in four to six weeks.

2. Gave an update on the Grant program
for this year.

Commissioner Ludwig:

Reports

1. David Krogh, representing the Church of God, requested a right-of-way be granted by the City to install steps at the Bible College on Franklin Street. Attorney Smith advised the City would have to have a legal document recorded at the courthouse and the Church of God would have to provide the City with a certificate of insurance with one million dollars liability coverage. The Council agreed to this. Attorney Smith will have the document ready for the next meeting.

Chief of Police Tom Miller gave the January Activity Report.

Mayor Barnes questioned Commissioner Braden on the Animal Control Officer's hours. He advised he thought the Council had agreed to cut his hours to 25 hours a week. Commissioner Braden advised she had not had an official notice to this affect but she would notify Bill Thompson tonight that he is not to work on Sundays. The police will have to handle any calls when his 25 hours a week are used up except in a case of an injured animal.

There being no further business, Commissioner Collins moved that the meeting be adjourned.
Seconded by Frank Svoboda.

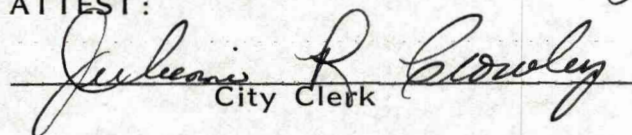

Adjournment
