Mayor Mike Arians, Bernie Klingenberg, Matt Hansen, Donna Mann, and Ron Colson met with Alan Cochran an EPA Representative on Friday May 7, 1999. There are some potential grants the City may qualify for in the amount of \$10,000.00 to a million. Application process takes place in December thru February and that is when the grant would be approved. This does not guarantee the City will get any grant money. However, grant money could help extend the city sewer lines to properties north of town that would include Paddlewheel Inn and Maxson's. However the primary intention is to offset the 3.7 million cost of the initial project.

The Mayor reminded the citizens that the Coliseum Board and Planning Commission are in need of people to serve on these boards. Anyone interested can contact City Hall.

There being no further business Commissioner Gerald Medlar moved to adjourn the meeting, seconded by Commissioner Tom Stone.
