Reports

Commissioner Priller advised that the street department now has an asphalt hauling tank, thanks to E. D. Etnyre Company for supplying the parts and the street department for putting it together. They now have a \$13,000.00 piece of equipment for about \$3,000.00.

Commissioner Aurand asked the Council if it wouldn't be wise to get a consultant to go over our water system and at the end of the six month chlorination period, they might furnish the City a letter that says that our system is up to date. Aurand feels that might lend more credibility to the E.P.A. when the City refiles for an exemption. Mayor Barnes agreed that is something that the City should explore. Bernie Klingenberg will look into getting a consultant.

Mr. Bergschmidt complained about the traffic at First & Gale Streets. Chief Miller will look into it.
