Department Reports

Mayor Ken Williams asked if a boil order is necessary, how is the public notified. Bill stated red door hangers will be used if a boil order is necessary. Social media is used and community members have been great about sharing information with homeowners who do not have access to social media.

City Manager Darin DeHaan: Reagan Mass Transit has submitted plans to the city building inspector. Willett Hofmann will be the engineer on the project. A TAC committee will review the plans. Mayor Ken Williams said the Technical Advisory Committee allows everyone to get into a room together to collaborate on the project. The committee is made up of project engineers, members of the police and fire department, and city public works. It is important to have the communication line open between these departments.

Council Reports

Council Member Melanie Cozzi: Oregon Together, IDOT, and Martin & Co. continue to collaborate on the viewing station to be installed at the pull off on RT 2 across the river from the Blackhawk statue.

Mayor Ken Williams: The city did not approve the rezoning request that was presented. The request was to change the zoning from a single-family unit to a two-family unit. He stated the city is not making anyone who already has a home with a similar issue tear it out. He said when the home sells, the home will need to be sold as a single family. The new owner will receive a letter from the city that states the home is a single-family home and cannot be used as a multi-family without submitting a request to change the zoning. He said some items to consider when looking at these homes are do they have separate post office boxes and do they have separate utility accounts. These

are things you would find to be true if the home was truly a multi-family home. He asked the City Council to think about this going forward as he believes more requests will be made.

Council Member Melanie Cozzi moved to adjourn the meeting, Seconded by Council Member Josiah Flanagan.

Roll Call: Cozzi, Flanagan, Krug, Schuster, Williams. No Nays.

Adjourn: 5:57 P.M.

In order to expedite city business and avoid repetitive presentations, it shall be in order for the presiding officer to encourage that a spokesperson be chosen for individuals wishing to speak about the same subject matter. If such spokesperson speaks on behalf of multiple members of a group, the presiding officer may permit the spokesperson to address for a period longer than the otherwise specified time limits. The presiding officer may designate the city clerk, city manager, chief of police or other officer of the city to monitor the time utilized by each speaker and to notify the speaker when the allotted time has expired.
- F. Any person invited by a member of the council to address the council at a meeting is subject to such time limitation if any, as the majority of the members of council present may prescribe.
- G. It shall be unlawful to disturb or interrupt any regular or special meeting of the council or any meeting of any commission., committee, or board of the city. Action Requested: ☐ Approval ☐ Discussion ☒ Information Only

Meeting Date: 1/27/2026

We discovered that a local gas station had added a couple of Sweepstakes Machines.

ELECTRONIC SWEEPSTAKES MACHINE: any mechanically, electrically, or electronically operative machine or device with an entertaining display (including video monitors), other than a duly licensed video gaming terminal or coin-operated amusement device authorized by this city Code, that allows the user to:

- (1) Wager money or other items of value (including, but not limited to, credits or coupons that may be redeemed for prizes) by playing games of chance or luck; or
- (2) Purchase an entry or chance or to otherwise participate, with or without payment of consideration, in a sweepstakes in which one or more winners are selected to receive prizes based upon randomized matching or other elements of chance or luck.

For City Council consideration: **Should these machines be allowed (with regulations) or not be allowed in City limits. Ordinance 2026-003 is proposed not to allow these devices to operate in corporate limits of Oregon.**

Page 2 of this memo contains a synopsis of the legal challenge that was resolved in Clair v. Hanover Park as it relates to these machines.

An Ancel Glink Municipal Minute article by Julie Tappendorf says the following:

[Court Finds Sweepstakes Machines to be Video Gaming Terminals Under State Law](#)

Wednesday, September 22, 2021 [Julie Tappendorf](#)

Video gaming is allowed in Illinois but subject to various state licensing regulations, state taxation, and local control. To obtain a video gaming license, an establishment must have a liquor license, meet certain state licensing regulations, and pay state gaming taxes, among other requirements. One business attempted to get around the video gaming statute by installing what was referred to as a "sweepstakes" machine. These machines allow cash play but also include a "free play" mode.

Recently, an Illinois Appellate Court found that these sweepstakes machines fall under the state video gaming law and, therefore, must comply with the licensing and tax requirements. In [Clair v. Hanover Park](#), a municipality had cited a business for operating video gaming machines without the proper licensing and payment of taxes. The business argued that because the machines included a "free play" option, they did not fall within the video gaming statute. The Village countered that the statute and Village ordinance applied to any game of luck or chance that involved the insertion of cash or coupon. In this case, the Village had inspected the machines and determined that they accepted cash to play a game of chance, which could result in the receipt of credits that were redeemable for cash at the register.

The court reviewed state law and the Village's gaming ordinance and agreed with the Village that the machines were video gaming machines subject to compliance with the licensing and taxation requirements for these machines. The fact that the sweepstakes machines contained a "free play" mode did not exempt them from the gaming statute since players can insert money into the machine, play a game of chance, and receive credits that are immediately redeemable for cash, making them video gaming terminals under state statute.

To: Mayor Ken Williams & Oregon City Council

From: Darin J. DeHaan, City Manager & Staff

DATE: Jan 27, 2026

I am pleased to provide Mayor Williams and the Oregon City Council with the following synopsis of City Business for – Jan 10, 2026 – Jan 23, 2026

Submitted by Darin DeHaan - City Manager

- I attended the Sustainability committee. The committee is working diligently to complete the ECO Oregon program. This program will recognize local businesses who have implemented sustainable practices.
- Met with the Depot Museum board members to assist them with a grant application.
- We held an executive committee meeting to discuss economic development strategies as well as working on some vision planning for 2026.
- At our last Team Leadership meeting I asked all department heads to come up with at least one goal for 2026. Personal, department or citywide. I got some good feedback and shared **my goal** which is to Improve: Improve personally, improve my service to others, improve as a leader, improve the reputation and services as a city and I need their help to accomplish that. My expectation is we become THE premier city that other cities look at as an example on how to serve citizens. That's my goal for Oregon in 2026. Be the best, lead the way!
- I held a meeting to continue to strategize on housing for Oregon. I am working with OCEDC Director Liz Hiemstra to create a prospectus for housing opportunities for builders in Oregon and Ogle County.
- I've begun discussions and planning for our 2026 marketing campaign. It's important to the City that we create a campaign that supports our local businesses, services and other entities that make Oregon such a great place to live, visit and shop.
- I am working with Street Foreman Jordan Plock to figure out a plan to replace the winter Christmas lights for the light poles. They are relatively costly but it's clearly time to get them replaced. The team has worked hard to keep them pieced together and working over the years.
- Continue work on the Safe Routes to School grant.
- We continue to work on the few open rental spaces in Oregon looking for potential businesses to fill those spaces.
- Work on various employee related matters.

- Work to coordinate several business related matters.
- Mayor Williams and I had a great meeting with Kunes and I have given Liz (OCEDC) pictures to get the site posted on LOIS. I was impressed with their representative (Dax) who has a good background and is working hard to try and get the building sold or occupied. The property is now listed on LOIS.

“As always I want to remind the community that I am always open to hearing your perspectives if there are things you feel need addressed. I’m available via phone, email,

or you can always message me via facebook messenger from the City page. We work for you and your input and communication is vital for our success.” - Darin DeHaan

City Hall - Cheryl Hilton, City Clerk

- Garbage and recycling schedules for 2026 are available on the city website and City Hall.

Oregon Police Department

Police Department Submitted by Chief Matthew Kalnins

- On 01/20/2026 and 01/22/2026 the Oregon Police Department conducted their annual taser training. This training consisted on getting all the officers certified in the use of their new taser 10 duty weapons. We would like to thank the Oregon Street Department for letting us train in their building and utilize the size of their training room. A special thanks to Aaron and Andrew for helping us by putting on the halt suit that allows the officers to shoot practice rounds that stick to the suit when deployed. This provides officers with great training and real time deployments.
